

THE MUNICIPALITY OF NORTH PERTH

BY-LAW NUMBER 6-2009

Being a by-law to authorize the construction of sanitary sewers and establish a serviced area in the settlement area of Atwood and to impose connection requirements and charges to obtain revenue to pay the capital costs thereof.

WHEREAS The Municipality of North Perth was requested by the property owners within the settlement area of Atwood to investigate health and safety concerns with regard to septic systems.

AND WHEREAS the Council of the Municipality of North Perth appointed an engineer to identify septic related issues and provide an optimum solution, which was to install sanitary sewer mains within the settlement area of Atwood.

AND WHEREAS by subsection 11(3) Paragraph 4 of the Act, The Municipality of North Perth, which is a lower-tier municipality, may pass by-laws within the “Public Utilities (which includes collection of sanitary sewage and sewage treatment)” sphere of jurisdiction and subsection 8 (3) of the Act provides that a by-law under Section 11 respecting a matter may regulate or prohibit respecting the matter.

AND WHEREAS section 391 of the Act provides that a municipality may pass by-laws imposing charges on any class of persons for capital costs payable by it for sewage and other services which will be provided by the municipality after the charges are imposed.

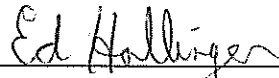

NOW THEREFORE the Council of The Municipality of North Perth enacts as follows:

1. That the area shown by the broken boundary line on Schedule “A” attached hereto is known as the *Serviced Area*.
2. That all future development requiring sanitary sewers in the *Serviced Area* must connect to the municipal sewer services.
3. That all developed or built on properties within the *Serviced Area* that currently have a septic tank or holding tank for sewage purposes must be connected to the municipal sewer service on or before September 15th, 2010. Connection to the municipal sewer service is the responsibility of the property owner and at the property owner’s expense.
4. That all municipal sewer service connections must be inspected by a municipal building official and that all septic tanks and holding tanks must be decommissioned as outlined in Schedule “B” to this by-law.
5. That the Director of Public Works is authorized and directed to take all steps and follow the processes necessary or desirable in order to duly implement and carry out the construction of the municipal sewer services for the Atwood settlement area.
6. That the final cost of the capital works is **estimated** to be \$8,583,809.00 to be funded: Provincial Grant \$1,000,000.00, Federal Grant \$1,540,000.00, Municipal Roadwork \$1,034,735.00, Municipal Properties \$114,753.00, local developer \$81,500.00, Development Charges \$921,804.00 and Property Owners \$3,891,048.00.

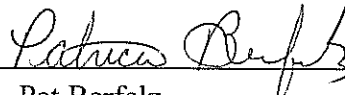

7. That a charge, known as the Atwood Sewer Servicing Charge (ASSC), for the recovery of capital costs incurred by the municipality for the construction of the said municipal sewer services to be funded by the Property Owners is hereby imposed on property owners as per estimated cost per property outlined on Schedule "C" column IV.
8. That the ASSC imposed herein on Schedule "C" is only an estimate. After the final costs for the Atwood Sewer Servicing Project have been calculated, a final notice will be forwarded to all property owners to outline the final amount due per property based on the final cost of the project. The final cost per property shall become due and payable to The Municipality of North Perth at the municipal office, 330 Wallace Avenue North, Listowel, Ontario. N4W 1L3 on or before the 15th day of September 2010 subject to the following provisions:
 - a. the property owners, by notifying the Treasurer by September 15th, 2010 using the prescribed form detailed in Schedule "D", may elect to pay the ASSC in equal annual installments by amortizing payments over a period of 15 or 30 years with interest thereon at the established rate available to the municipality September 2010 as a percent per annum, calculated yearly not in advance, which would require blended equal annual payments including principal and interest. For illustration purposes six (6) percent per annum is shown under the "Estimated Amortized Annual Payment" headings on Schedule "C" columns V or VI, respectively; or
 - b. the property owners may elect to pay the ASSC in full. When this option is exercised, payment must be received in full by the Municipality of North Perth no later than the 15th day of September 2010.
 - c. the annual payments under subparagraphs 8.a) shall become due and payable to the municipality commencing in 2011, on the same date and in the same manner in each year as the first installment of or payment under the final tax bill for property taxes for the applicable property collected by the municipality.
 - d. in the event that any property owner(s) does not pay the charges imposed herein on or before the 15th day of September, 2010, and has not made an election to pay the charges over a period of time as provided for in paragraph 8.a) by notifying the Treasurer by September 15th, 2010 using the prescribed form detailed in Schedule "D", then the charges shall be deemed to be payable over the 30-year period as provided for in subparagraph 8.a).
9. That special consideration shall be given to properties that have had completely new original septic tank installations within the *Serviced Area* on or since January 1st, 2000. The said properties have been individually identified on Schedule "E" attached hereto. The properties listed are required to connect to the new sewer service on or before the date identified on Schedule "E".
10. That the Treasurer is authorized and directed to add any charge imposed hereunder which has not been paid on or before September 15th, 2010, or as otherwise noted, to the tax roll for the applicable property pursuant to and in accordance with the provisions of subsection 398 (1) of the Act, and to collect them in accordance with subparagraphs 8.a) above and in the same manner as property taxes collected by the municipality.
11. That all properties connected to the municipal sewer service require the installation of a water meter to determine the volumetric sewer charge. The water meter will be supplied, installed, inspected and read from time to time by the Municipality and Municipal representatives or agents are authorized to enter all properties for such purposes.

12. That as of the date of connection or September 15th, 2010, whichever is earlier, the property owner will be subject to sewer service charges under the User Fee By-law 24-2006 as amended or replaced.
13. If any clause, provision, or requirement in or under this by-law should be determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such clause, provision or requirement, and all other clauses, provisions or requirements hereof shall continue in full force and effect.

READ a first and second time this 2nd day of February, 2009.

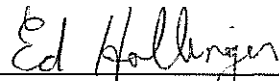

Mayor – Ed Hollinger

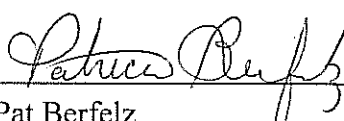

Clerk – Pat Berfelz

READ a third time and finally passed this 2nd day of February, 2009.

SCHEDULE "A" TO BY-LAW 6-2009 GREEN LINE: SERVICED AREA BOUNDARY.

Schedule "B" to By-Law No. 6-2009

Plumbing Alterations & Hook Up:

An application for a building permit (under Section 8. (1) of the *Building Code Act*) shall be submitted for any exterior plumbing alterations which shall include information such as pipe sizes, type of connections, type of pipe, location, etc and no work shall proceed until a permit has been issued.

(NOTE: An inspection is required for installation prior to backfilling and an inspection for hookup to municipal services. These inspection fees are included in capital charges.)

A Building permit is required (under Section 8. (1) of the *Building Code Act*) for interior plumbing alterations and information is required to be submitted as above. A Permit must be issued prior to starting work and inspection notification will be noted on the permit.

(NOTE: Fees for the required Building Permit noted above are to be included in the capital costs)

Sewage System Decommissioning:

The Septic tank shall be pumped by a certified/licensed sewage hauler. An invoice or letter from the licensed sewage hauler will be required as proof that the tank has been pumped.

The Septic tank shall be either removed or filled with sand or an acceptable alternative as approved by the Chief Building Official.

The Building Department will be informed by the owner or an agent acting on their behalf that the tank is properly decommissioned and an inspection will be performed prior to completing final grading and seed/sod. Costs for the inspection will be included in the capital charges.
