

# EPIC EXPERIMENTS

## Week 3: Camp B - Listowel Youth Centre

**\*Please bring a swimsuit, towel, lunch, water bottle, sunscreen, and extra clothes to camp every day!\***

**Leaders: Elsie, Brett, Leah, Rachel, Quinn, & Karsyn**

**Monday, July 14th, 2025:** We hope you're ready for all things science because this week we are going to be super scientists! Our morning will start with some science-themed games before a biology craft. We will then have a special guest from Stone Silo join us and help us learn more about our emotions and how we can calm our body when we are feeling overwhelmed. After lunch, we will head to the Salvation Army Garden for some gardening with Carolyn. We will finish the day with Scientist Steve/Stella and Science Stare.

**Tuesday, July 15th, 2025:** Today is going to be a day of colourful chaos! We are going to start the morning with some coloured themed games before creating a penny spinner. After lunch, we will head to the Kinsmen Pool to cool down after our busy day of experiments. We will then head to the park before ending the day with some camp games.

**Wednesday, July 16th, 2025:** I hope you're ready for another day full of fun science! We are going to start the day with "Photon Pass" and "Gene Chase". After snack, we will do a craft with puffy paint before playing "Mystery Matter". After lunch, we have one of our favourite camp activities... slime the counsellor! We will end the day with some super fun science games.

**Thursday, July 17th, 2025:** Today is chemistry madness, so pack some clothes you don't mind getting messy in! We will start the day with some camp games before creating some fizzy art! We will then have our kindness initiative to recognize all the kind deeds that others have done for us during the week. After lunch, we will then head to the Kinsmen pool to beat the summer heat! We will end the day with lots more science fun!

**Friday, July 18th, 2025:** We hope you're ready to end our fun-filled week with some biology fun! We are going to start the morning with a game of "Animal Ball" and "BioLeap". After snack time, we will create our own pet butterflies, followed by a game of "Evolution". We will then have a pizza party thanks to Domino's Pizza, which has generously donated pizza! We will then head to Livfit for a fun tour and end the day with some science games!
